The Conservatives FAILED SOUTH CAMBRIDGESHIRE

For years the Conservatives failed South Cambridgeshire.

Now the Tories have shifted to the right to pander to Reform UK voters - leaving many people who have traditionally supported them behind.

And we all know that Reform UK cannot be trusted to protect our NHS. Nigel Farage himself has said he wants to move to an insurance-based system, even suggesting privatising parts of the NHS.

The Conservatives broke our health service, Reform UK would make things far worse.

Under Reform UK we would see the worst of Trump's America – where if you can't pay, you don't get treated.

The Lib Dems are fighting to save our NHS, cut waiting times and guarantee the care people deserve.

Reform UK would wreck our health service. Only the Liberal Democrats will stand up for it.

Use your vote to prevent a return to Conservative chaos and stop Reform UK - vote Lib Dem on 7th May.

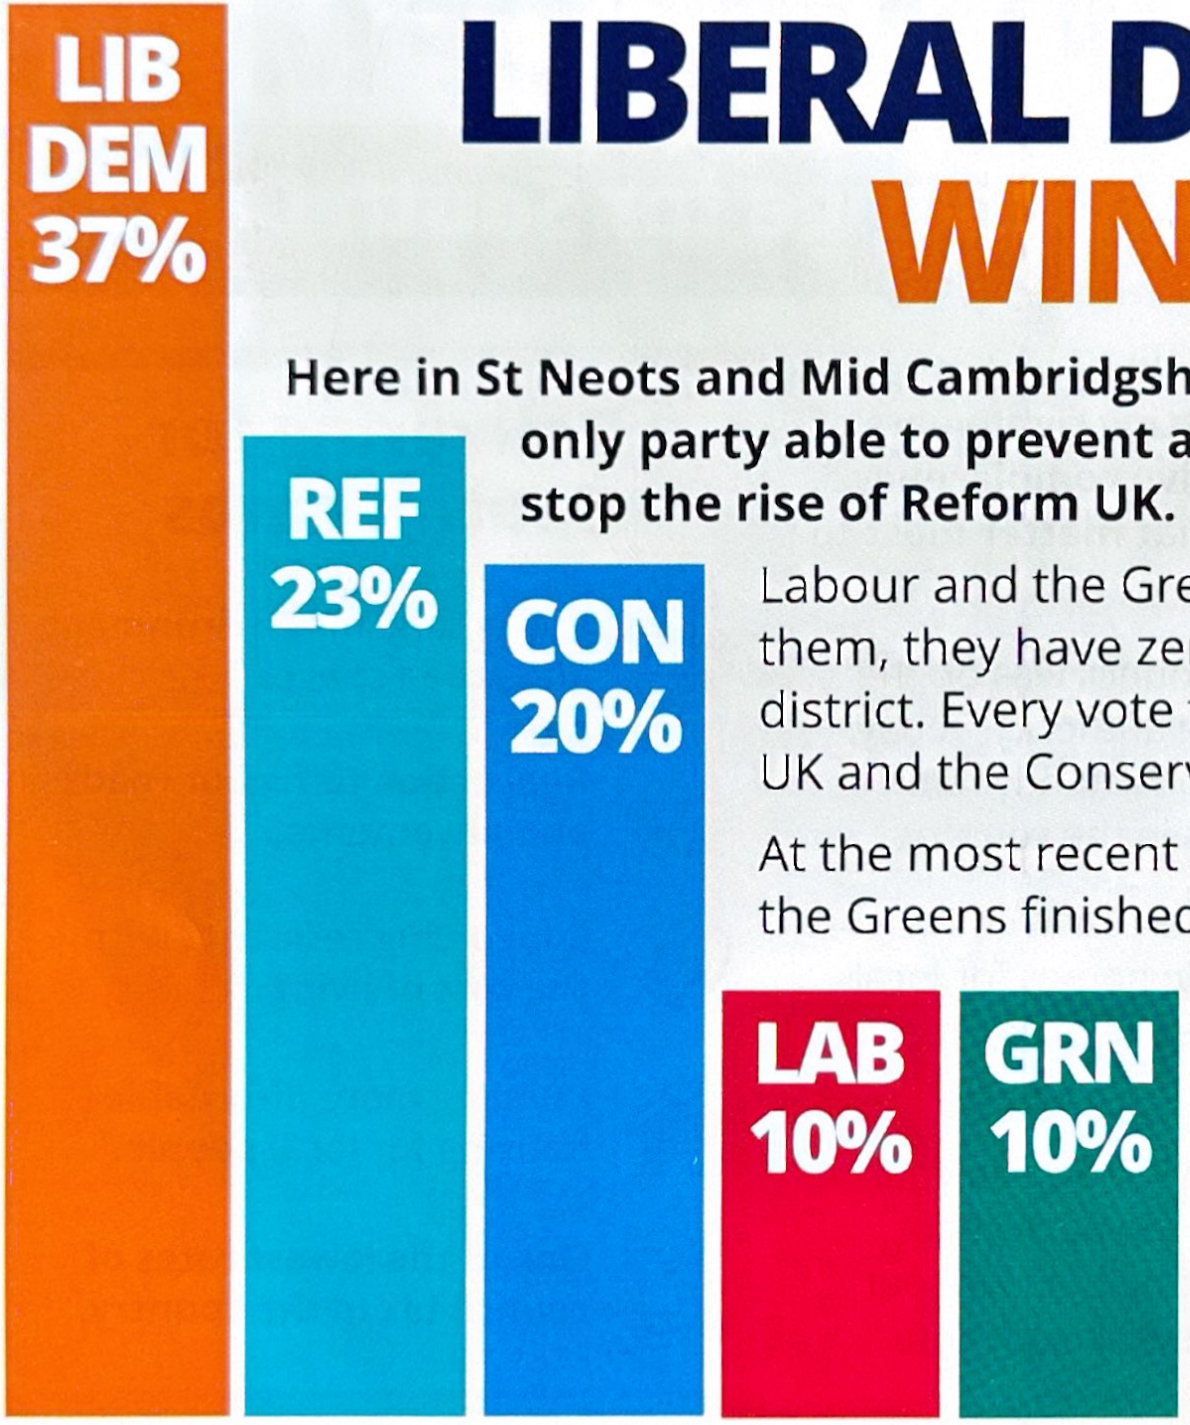
LIBERAL DEMOCRATS WINNING HERE



Here in St Neots and Mid Cambridgshire, the Liberal Democrats are the only party able to prevent a return to Conservative chaos and stop the rise of Reform UK.

Labour and the Green Party cannot win here. Between them, they have zero councillors across the entire district. Every vote for them makes it easier for Reform UK and the Conservatives to take control.

At the most recent county council elections, Labour and the Greens finished a distant fourth and fifth place and the Lib Dems were the only party that consistently stopped Reform from winning seats.

Use your vote for positive change on 7 May.

Vote Liberal Democrat.
